Yes No

THE NATIONAL BOARD
OF BOILER AND PRESSURE VESSEL INSPECTORS

Selection Categories

The Board of Trustees selects the recipients of this award based on the following 4 categories. Please select the category that most closely recognizes the nominee's significant achievements.

Leadership	The nominee is an executive or top-level manager who is recognized as a leader or spokesperson in the industry. They should have a history of career accomplishments that demonstrate leadership and commitment to the profession.
Governmental Affairs	The nominee has contributed to the advancement of boiler and pressure vessel safety through the support of legislation on a local, state or national level.
Education and Training	The nominee is a recognized contributor to the development and implementation of new and innovative training programs. They are recognized as a teacher and mentor to other individuals in the boiler and pressure vessel industry.
Codes and Standards	The nominee is recognized by peers as having extraordinary technical knowledge. Their technical knowledge in code committees has helped further the activity of the committees in developing a new code or standard or in making a major revision to an existing one. The nominee is also recognized by their peers as a forward-thinking individual who has identified and promoted the development of codes or standards for emerging technologies. They have demonstrated exemplary dedication to the protection and safety of the public.
